- * Recognized as one of the "One Thousand Great Americans" by Cambridge University.

Dr. Ron Charles was born on August 9, 1949 in Kilgore, TX. He was raised in a pastor's home. Ron went to university and, as many pastors' kids, he strayed from God but he soon turned around and started his walk with Christ. He met Paula in 1971 and they were married and have two sons, Ron Jr. and Brad. In 2007 we became proud grandparents of two grandsons. Cyrus was born to Ron & Cheri and Cidney was born to Brad & LeAnne. They both are a great joy to us. They are already going on mission trips.

***** In 1980 as Ron was sitting behind his desk at Owens-Corning Fiberglas in Toledo, Ohio, he looked outside and saw a lost world. He was a structural engineer building facilities that he knew would last only 100 years; but peoples' lives would last an eternity. He began pastoring not long after and went full time in 1981, building a missions church in Oregon, Ohio. He went on to pastor in Gainesville, GA until the Lord showed him his true calling in Missions. His vision is to spread the Gospel to the world, especially to the Muslim world. After Muslims become Christians they are persecuted daily for believing in Christ. They then call themselves Muslim Christians.

"MUSLIM BY BIRTH-CHRISTIAN BY CHOICE"

Mark 16:15
